

## Formation and Management of Companies

### **Your Corporate Service Provider**

#### **A pool of experience to create longterm value**

Switzerland is an ideal and attractive location in Europe for international Holdings and Headquarters as well as Management and Service Centers to manage and control European business operations, but also to cover the European market.. The Swiss cantons had historically a variety of tax privileges, which offered low taxation for holding, principal and management companies generating foreign source income. Switzerland has one of the lowest rate of taxation and social security contributions of all industrialized countries. The quality of living is very high.

Auxilia is a professional service provider focussed on company incorporation and management. It has been operating in legal, fiscal and corporate consultancy for company and private clients for many years. We offer innovative solutions tailored to your needs in order to create know-how and to generate added value for our clients. We'll help you get set up and provide a sound formation for your venture with guidance on structures, processes, documents and potential issues. Once your project is launched we can provide corporate and transactional services. If you wish, Auxilia will undertake complete management of your company. We administer holding and management companies, control your international subsidiaries, manage your intellectual property rights, arrange financial transactions. We open bank accounts and act as trustee or as escrow agent. We provide you with a company address and a registered office.
